FRENCH DEMAND  
REPARATION.Christian Brothers' Execution  
Cause of a Complaint.Double Killing Laid Upon  
Villa's Direct Order.Case Presented to Wilson by  
Charge d'Affaires.

[BY A. P. NIGHT WIRE.]

WASHINGTON, July 21.—Representations that two French citizens, members of the Christian Brothers' order, were executed on the direct order of Gen. Villa were laid before President Wilson today by Charge d'Affaires.

Mr. Clause told the President that his government was deeply disturbed over the killing of the Frenchmen and the imprisonment of seven others by the Constitutionalists and that active steps for reparation were earnestly sought.

According to Mr. Clause, an inquiry into the deaths had been ordered by Gen. Carranza. He said the explanation given for the killing of the two Frenchmen was that they protected some Federal soldiers. He also told the President that the reason for the executions learned by the French Embassy was that the two men had refused to pay money.

The Embassy information is from witnesses of the affair.

Mr. Clause informed the President that next to Spanish priests the greatest number of foreign clergymen in Mexico were French and their protection was earnestly desired.

INTERVENTION  
IS PREDICTED.NEED STRONG MAN IN MEXICO,  
SAYS ALCOCERE.

BY GEORGE ADDISON HUGHES.

PUERTO RICO, July 21.—Isacio Alcocere, who joined the colony of former Ministers here today, frankly admitted that intervention by the United States or some other foreign power was a possibility.

"Unless a crisis develops and some stronger man than has yet appeared among the forces opposing the Federal comes to the front," he said, "it must be conceded that intervention will go on for a long time and then may come intervention. I do not see the strong man. Villa's strength is military. Carranza's strength is political. And so one way or the other is Oregon's, Matorenza's, and Zapata's. And they have all the lesser cabelleros of revolution to take into consideration. The end is not in sight."

"But should intervention come I believe all Mexico will unite to repel it."

Senor Alcocere said it was quite unlikely that Francisco de Barra would be chosen of the factions for provisional President. He believed that somebody not hitherto mentioned might perceive the opportunity and seize it after more fighting probably.

Senor Alcocere was plainly discouraged at the outlook for peace in his country. About 100,000 men, women and children, of the families prominent in the Huerta government are trying to make themselves comfortable aboard the British cruiser Bristol. Efforts to charter a steamer are still without success.

Latest steamship companies show some activity within forty-eight hours there is a possibility Secretary Daniels may offer the Tacoma for the transportation of the party to Kingston. American correspondents have been wired to Washington, stating the flight of the Mexicans and assuring Washington such an act of courtesy would be appreciated in the spirit offered.

Nemesio Garcia Naranjo, former Minister of Instruction in Huerta's Cabinet, also arrived here today.

SILVER BULLION HELD.

Metal Sent in Payment for an Issue of  
Rebel Currency Delayed at El  
Paso by a Court Decision.EL PASO (Tex.) July 21.—Sixteen  
bars of silver bullion valued at \$23,000  
were held here today as a result  
of court action at Nogales, Ariz.,  
and El Paso. The metal came from  
a mine in Sinaloa, being sent by the  
Sinaloa Constitutional state govern-  
ment in payment for some paper cur-  
rency received from Gen. Carranza's  
headquarters.

An injunction suit was filed against  
the express company at Nogales by  
Jesus Maria y Anexas, alleged to be  
the mine owner, and said to be a  
Spaniard. The shipment was stopped  
here but Carranza's agents filed a  
sequestration suit depositing twice the  
value of the metal so that the ship-  
ment could continue to Monterrey.

Missionary Work.

NEW CAMPAIGN IN MEXICO  
FOR CHURCH AND SCHOOL.

[BY A. P. NIGHT WIRE.]

NEW YORK, July 21.—A great  
religious and educational cam-  
paign in Mexico in which all  
Protestant denominations will unite  
is planned now that peace is appar-  
ently in sight in that country. Bishop  
Oldham, chairman of the general  
committee representing the various  
mission boards, made the announce-  
ment yesterday.

A big co-educational university  
will be established and at least one  
high school for each of the sections  
will be opened in every mission ter-  
ritory. Schools of higher grade  
will be consolidated and the  
organized congregation will have its  
elementary schools where domestic  
and manual arts will be taught.  
Bishop Oldham is enthusiastic over  
the plan.

maintained that he has "nothing de-  
finite enough to make public" about  
the threatened rupture between Car-  
ranza and Villa, but it is known that  
intimations of a break have come  
from reliable sources.

Mr. Bryan's appeal, made after con-  
sultation with President Wilson, was  
interpreted in many quarters as the  
first step toward a middle ground  
between the Carranza and the American  
government to prevent counter revo-  
lutions at the close of the present  
reign. Both President Wilson and Sec-  
retary Bryan have determined that  
when the Constitutionalists triumph  
and a stable government is estab-  
lished, the revolution must end.

THE GENERAL SITUATION.

The general situation today did not  
seem as promising for peace to some  
diplomats as it did to administration  
officials. The Carranza plan in-  
dicated that the surrender of the Carranza  
government be unconditional. Repre-  
sentatives of Mr. Carranza said guar-  
antee and amnesty first must be  
granted. Secretary Bryan was con-  
fident today that a middle ground  
would be reached, when commis-  
sioners from the Carranza govern-  
ment and the Constitutionalists met in  
a few days at Saltillo.

Francisco I. Madero and Luis  
Cabrera, who will leave here in a  
day or two, will act with Jose Vas-  
concelos as the Constitutional com-  
mission. No official information has  
yet been received here as to whether  
provisional President Carranza has  
accepted the Carranza plan.

In South American diplomatic circles,  
the uncompromising attitude of the  
Constitutionalists toward the Carranza  
government is a source of disap-  
pointment. The Carranza plan, as  
improved and the indications are  
that Carranza modifies his an-  
nounced position, complications with  
foreign governments for the prospect  
of the new administration.

NATIONS' GRIEVANCES.

France has now been added to  
Great Britain and Spain, nations  
having grievances against the Con-  
stitutionalists, which will be set aside  
for a future reckoning, but not for-  
gotten. England eventually will  
demand satisfaction for the killing of  
William S. Benton. Spain wants her  
subjects reimbursed for losses through  
confiscation of property and France  
is now making urgent representa-  
tions concerning the death of two  
French citizens and the imprisonment  
of seven others.

Charge Clause of the French Em-  
bassy laid the situation before Presi-  
dent Wilson today, saying the two  
Frenchmen had been killed by Gen.  
Villa's orders. Eleven other French  
clergymen are in prison and Sec-  
retary Bryan has made urgent rep-  
resentations both to Gen. Villa and  
Gen. Carranza that they be given their  
liberty.

VILLA TO COIN  
HIS OWN MONEY.SILVER PESOS TO BE MADE AT  
MINT TO BE SET UP IN  
CHIHUAHUA.

[BY A. P. NIGHT WIRE.]

EL PASO (Tex.) July 21.—Gen.  
Francisco Villa soon will begin coin-  
ing silver pesos for use in the ter-  
ritory he controls. If plans indicated  
known here today are not changed,  
Lazaro de la Garza, financial agent  
of the Carranza government, has been  
pointed to superintend the minting  
of the money. He will superintend  
the minting of silver for use in the  
mint set up by Villa.

The metal to be used will be ac-  
quired from mines in Chihuahua  
which have been confiscated from  
Mexican owners in prison and dis-  
posed of by the Carranza government.  
Villa's officials in Juarez asserted today  
that no foreign-owned property would  
be touched. The mint will  
probably be set up in Chihuahua City,  
where the State capital, where machinery  
for coining is available.

REBELS PROMISE  
TO DEAL GENTLY.

[BY A. P. NIGHT WIRE.]

LAREDO (Tex.) July 21.—"No na-  
tion need fear an indiscriminate  
taking of vengeance against the Fed-  
eral," Gen. Carranza yesterday told  
representatives of President Wilson  
according to reliable reports which  
today reached the border.

Gen. Carranza, United States Consul-General John R. Bill-  
man and T. Ayers Robertson ques-  
tioned Gen. Carranza as to his plans  
they were said to be, but they would  
be neither universal political  
amnesty nor universal condemnation  
of political prisoners. Each case  
would be dealt with "according to the  
procedure of civilized countries which  
have passed through a similar stress  
of civil war."

It was made plain, however, that  
the men implicated in the death of  
President Madero and Vice-President  
Suares would be dealt with severely.

ZAPATA BANDITS  
ARE NOT FEARED.

[BY A. P. NIGHT WIRE.]

MEXICO CITY, July 21.—The  
British and German Ministers today  
advised their nationals living in sub-  
urban towns in the Federal district  
to leave their homes and concentrate  
in the capital, in view of the possi-  
bility of attacks on their towns by the  
followers of Emiliano Zapata. Both  
Ministers made trips to the suburbs  
to give their advice.

The representatives of the other  
foreign powers here have issued no  
warning to their nationals and are  
not taking so serious a view of the  
situation. The hotels of the capital,  
however, are filling with persons of  
all nationalities coming in from sub-  
urban towns.

The Brazilian Minister was assured  
today by President Carranza that  
there was no danger of an attack on  
the capital by the followers of Zap-  
ata. If they do attack all necessary  
precautions had been taken to re-  
pulsive them.

VILLA TO COIN  
HIS OWN MONEY.SILVER PESOS TO BE MADE AT  
MINT TO BE SET UP IN  
CHIHUAHUA.

[BY A. P. NIGHT WIRE.]

EL PASO (Tex.) July 21.—Gen.  
Francisco Villa soon will begin coin-  
ing silver pesos for use in the ter-  
ritory he controls. If plans indicated  
known here today are not changed,  
Lazaro de la Garza, financial agent  
of the Carranza government, has been  
pointed to superintend the minting  
of the money. He will superintend  
the minting of silver for use in the  
mint set up by Villa.

The metal to be used will be ac-  
quired from mines in Chihuahua  
which have been confiscated from  
Mexican owners in prison and dis-  
posed of by the Carranza government.  
Villa's officials in Juarez asserted today  
that no foreign-owned property would  
be touched. The mint will  
probably be set up in Chihuahua City,  
where the State capital, where machinery  
for coining is available.

REBELS PROMISE

[BY A. P. NIGHT WIRE.]

LAREDO (Tex.) July 21.—"No na-  
tion need fear an indiscriminate  
taking of vengeance against the Fed-  
eral," Gen. Carranza yesterday told  
representatives of President Wilson  
according to reliable reports which  
today reached the border.

Gen. Carranza, United States Consul-General John R. Bill-  
man and T. Ayers Robertson ques-  
tioned Gen. Carranza as to his plans  
they were said to be, but they would  
be neither universal political  
amnesty nor universal condemnation  
of political prisoners. Each case  
would be dealt with "according to the  
procedure of civilized countries which  
have passed through a similar stress  
of civil war."

It was made plain, however, that  
the men implicated in the death of  
President Madero and Vice-President  
Suares would be dealt with severely.

ZAPATA BANDITS  
ARE NOT FEARED.

[BY A. P. NIGHT WIRE.]

MEXICO CITY, July 21.—The  
British and German Ministers today  
advised their nationals living in sub-  
urban towns in the Federal district  
to leave their homes and concentrate  
in the capital, in view of the possi-  
bility of attacks on their towns by the  
followers of Emiliano Zapata. Both  
Ministers made trips to the suburbs  
to give their advice.

The representatives of the other  
foreign powers here have issued no  
warning to their nationals and are  
not taking so serious a view of the  
situation. The hotels of the capital,  
however, are filling with persons of  
all nationalities coming in from sub-  
urban towns.

The Brazilian Minister was assured  
today by President Carranza that  
there was no danger of an attack on  
the capital by the followers of Zap-  
ata. If they do attack all necessary  
precautions had been taken to re-  
pulsive them.

maintained that he has "nothing de-  
finite enough to make public" about  
the threatened rupture between Car-  
ranza and Villa, but it is known that  
intimations of a break have come  
from reliable sources.

Mr. Bryan's appeal, made after con-  
sultation with President Wilson, was  
interpreted in many quarters as the  
first step toward a middle ground  
between the Carranza and the American  
government to prevent counter revo-  
lutions at the close of the present  
reign. Both President Wilson and Sec-  
retary Bryan have determined that  
when the Constitutionalists triumph  
and a stable government is estab-  
lished, the revolution must end.

THE GENERAL SITUATION.

The general situation today did not  
seem as promising for peace to some  
diplomats as it did to administration  
officials. The Carranza plan in-  
dicated that the surrender of the Carranza  
government be unconditional. Repre-  
sentatives of Mr. Carranza said guar-  
antee and amnesty first must be  
granted. Secretary Bryan was con-  
fident today that a middle ground  
would be reached, when commis-  
sioners from the Carranza govern-  
ment and the Constitutionalists met in  
a few days at Saltillo.

Francisco I. Madero and Luis  
Cabrera, who will leave here in a  
day or two, will act with Jose Vas-  
concelos as the Constitutional com-  
mission. No official information has  
yet been received here as to whether  
provisional President Carranza has  
accepted the Carranza plan.

In South American diplomatic circles,  
the uncompromising attitude of the  
Constitutionalists toward the Carranza  
government is a source of disap-  
pointment. The Carranza plan, as  
improved and the indications are  
that Carranza modifies his an-  
nounced position, complications with  
foreign governments for the prospect  
of the new administration.

NATIONS' GRIEVANCES.

France has now been added to  
Great Britain and Spain, nations  
having grievances against the Con-  
stitutionalists, which will be set aside  
for a future reckoning, but not for-  
gotten. England eventually will  
demand satisfaction for the killing of  
William S. Benton. Spain wants her  
subjects reimbursed for losses through  
confiscation of property and France  
is now making urgent representa-  
tions concerning the death of two  
French citizens and the imprisonment  
of seven others.

Charge Clause of the French Em-  
bassy laid the situation before Presi-  
dent Wilson today, saying the two  
Frenchmen had been killed by Gen.  
Villa's orders. Eleven other French  
clergymen are in prison and Sec-  
retary Bryan has made urgent rep-  
resentations both to Gen. Villa and

REPORT ON LABOR CAMPS. California Commissioner in Official Document of Irrigation Declares Large Number Are Unsanitary.

SAN FRANCISCO, July 21.—A report on the inspection of 427 labor camps in California, showing 100 of them to be good, 173 fair, and 154 unsanitary, was published here today by the California Commissioner of Immigration and Housing.

The report covers the hop-pickers' camp of the Sacramento Valley, among others, and shows thoroughly regulated camp sanitation for more than 28,000 laborers.

The report shows a marked improvement in conditions at the hop fields over those which were given as the cause of strikes and the Wheatland riot a year ago.

## Some Known Facts

### About Rheumatism

There are many things that are still unknown about rheumatism. The treatment of it is still far from satisfactory. Doctors realize this but nobody is more fully aware of it than the sufferers themselves.

A tendency to rheumatism once established, the pain often returns with every change of weather, showing that the poison is still in the blood awaiting favorable conditions to become active and cause trouble.

One fact is known and acknowledged by all medical writers and that is the rapid thinning of the blood when the rheumatic poison invades it. Building up the blood is the best remedy for rheumatism as the enriched blood is able to overcome or throw off the poisons of the disease. For this reason rheumatic sufferers would be interested in the success which Dr. Williams' Pink Pills have had in the treatment of this painful disease.

A book, "Building Up the Blood," will be sent free on request by The Dr. Williams' Medicine Co., Schenectady, N. Y. It contains directions regarding diet, baths and hygiene for Rheumatic patients.

## TIGERS REGAIN SECOND PLACE.

**Hap Hogan Again Makes Good Behind Bat.**

**Klepper Holds the Oaks to Single Tally.**

**Bayless Drives in Winning Run in Ninth.**

BY HARRY A. WILLIAMS.

The Tigers showed just how little they think of tradition by knocking the bark off the regenerated Oaks today. It was a chaotic little pastime, the Tigers turning the trick, 3 to 1, in the next time of two hours and fifty minutes (Barcaam.)

By virtue of this noble deed, which took place about the time that Sacramento was beating the collective gizzard out of the Angels, Mr. Malar's paid enterprisers are now receiving their pay in second place.

Hap Hogan handled the output of Ed Klepper's "310,000 arm," and it may be that Hap's presence behind the bat had something to do with nullifying the effect of the slight hit made off Ed's delivery. Not until the ninth were the Oaks able to smite Klepper for a run, and they were lucky, at that.

HAP HELPS.

With Hap receiving Klepper's control was well-nigh perfect, he tugging but one walk. Not once that we could see did Hap require Klepper to "waste" a ball, and this is something that is greatly appreciated by any pitcher.

Hap's elbow joint was working smoothly, and his peering percentage for the day is estimated at .967. Three men tried to steal second on him and he missed five but once.

Hap also blocked Guest at the plate in the second in a way to establish himself as the most stalwart center in the business. Our hero, it should be explained, is the master of the Coast League. He also is a splendid example of right living, plenty of sleep, and thorough mastication of one's food. Otherwise he wouldn't be such a fine ketcher at his age.

PRETTY FAIR.

Pitted against Klepper was "Shot-putter" Pruiett. The exact value of Pruiett's arm is not known to the general public, no price tag having been hung upon it. Therefore, he can be judged only by his deeds. The fact that he allowed but five hits, and only three of these above suspicion, would indicate that he has a fair, every-day sort of arm.

In addition to pitching an excellent game, Pruiett had a rare day of sport catching Carlisle off first base. Twice he caught our Walter away from his base of supplies. Otherwise, the chances are that the Tigers might have scored more frequently, and there was hardly anybody out either time.

Lou Litschi was the most celebrated batter present, wielding bamboo for two doubles, and scoring the first Venice tally in the second. Things then dawdled along until the ninth, when Oakland busted through with a run that tied the score. This placed Dick Bayless, prince of game smasher, under the necessity of singling Leard across with the deciding tally in the last hit.

LEAVITT THERE.

Frank Leavitt, president of the Oakland club, was among the several ladies and gents present. Before coming the financial godfather of a tall-and-club, Mr. Leavitt was a sight amiable gentleman, a change seems to have come over him in the past few months. Before the game he appeared taciturn and somewhat peevish. The chances are that he was more so after the game, but no one ventured around to find out.

Quinlan started the afternoon's sport by lambasting the first ball that Klepper let go off into right for one buster. Just to find out whether Hap really had a wooden arm, Bobby tried to steal second. He now wishes that he hadn't. Hap's peg was a picture. Gardner fanned, Middleton hit to left, and Bayless sped in and made one of his famous shoestring catches of New's short fly.

For the Tigers, Carlisle was hit by a pitched ball in the first. He was caught off and bounded to death on the line.

A HOT ONE.

With one gone in the second, Guest smashed one through the box that was entirely too torrid for Klepper to handle with comfort. Art beat it out.

Mr. Menges, a colonel from Moscow.

## BOUN COMING OVER IN 1915.

Jean Boun, the sensational French distance runner, who came within a couple of inches of defeating the great Hannes Kohlenmeinen in the three-mile run at the Stockholm Olympic games, and who holds so many distance records that he can't remember more than half of them, has notified the American athletic authorities that he will come to this country for the big track meet at the Panama-Pacific Exposition in San Francisco next year.

This means that there will be some wonderful competition in the distance races and Kohlenmeinen will have to be in the best shape of his career to defend his titles for Boun has been running in magnificent form during the past twelve months.

## BUNDY MAKES TEAM RUMOR.

BY A. P. NIGHT WIRE.  
BOSTON, July 21.—It was unofficially stated at Longwood today that the American team to defend the Davis lawn tennis cup would be made up of Maurice E. McLoughlin of San Francisco; T. C. Bundy of Los Angeles; Karl Dehr of New York; and R. Norris Williams II of Philadelphia. None of the players mentioned would discuss the matter.

## THE OLD LIFE!

PRUIETT'S

GR.

BR.

CLAUDE DUVAL IS SOME PEDESTRIAN.

SWISS IS WALKING BAREFOOT AROUND THE WORLD JUST FOR THE EXERCISE.

Claude Duval, the barefoot Napoleon, is in Los Angeles on his way around the world. He is making the trip in his bare feet and has covered 219,000 miles since he left Lucerne, Switzerland, in 1907.

He has passed through sixty-four countries and has participated in four wars. The Boer War, Balkan War, Italian-Turkish War and the war in Mexico having found him in their midst. He intends to make San Francisco for the fair in 1915, and will then go to the Philippines. From there he will go to South America by boat. After walking across that continent he will go by boat to Africa and then back to Switzerland. He figures on making the starting point by April 1, 1916.

He makes his way by selling post cards, giving lectures and doing odd jobs. The object of his trip is education and adventure.

## MAGNATES HOLD COUNCIL OF WAR.

GILMORE GOES NORTH HOPING FOR MORE TROUBLE IN THE BIG LEAGUES.

CHICAGO, July 21.—President Gilmore of the Federal League planned to go north today for the purpose, it is said, of being on the ground should a break occur between club owners and players in organized baseball.

Gilmore said he was going only "to look things over," but it was rumored that he was planning to himself and President Fultz of the Players' Fraternity had been arranged.

In the event of a players' strike, the schedule of the Federal League may be adjusted so that cities without baseball through the walk-out will be supplied by the Independents. It was reported here that the American League magnates in New York, in addition to their plans for the crisis brought on by the Fultz ultimatum, would discuss the situation, which, it is admitted, will result from the Chase and Johnson decisions.

## L.A.A.C. SWIMMERS MEET SAN DIEGO.

DUKE KAHANAMOKU WILL BE UNABLE TO COMPETE—LUDY LANGER READY.

The L.A.A.C. swimming team will meet the combined swimming teams of San Diego in that city on either August 2 or 3. The local club will take ten men along, and should have little trouble in winning from the San Diego boys.

Duke Kahanamoku will be unable to compete, owing to the residence ruling of the A.A.U., but he may give an exhibition of his swimming prowess. Ludy Langer will enter every swimming event and also one of the diving stunts. He hopes to carry away a majority of the points in the races. Cliff Bowes, Sol Tuttle, Sylvester and numerous other L.A.A.C. stars will compete.

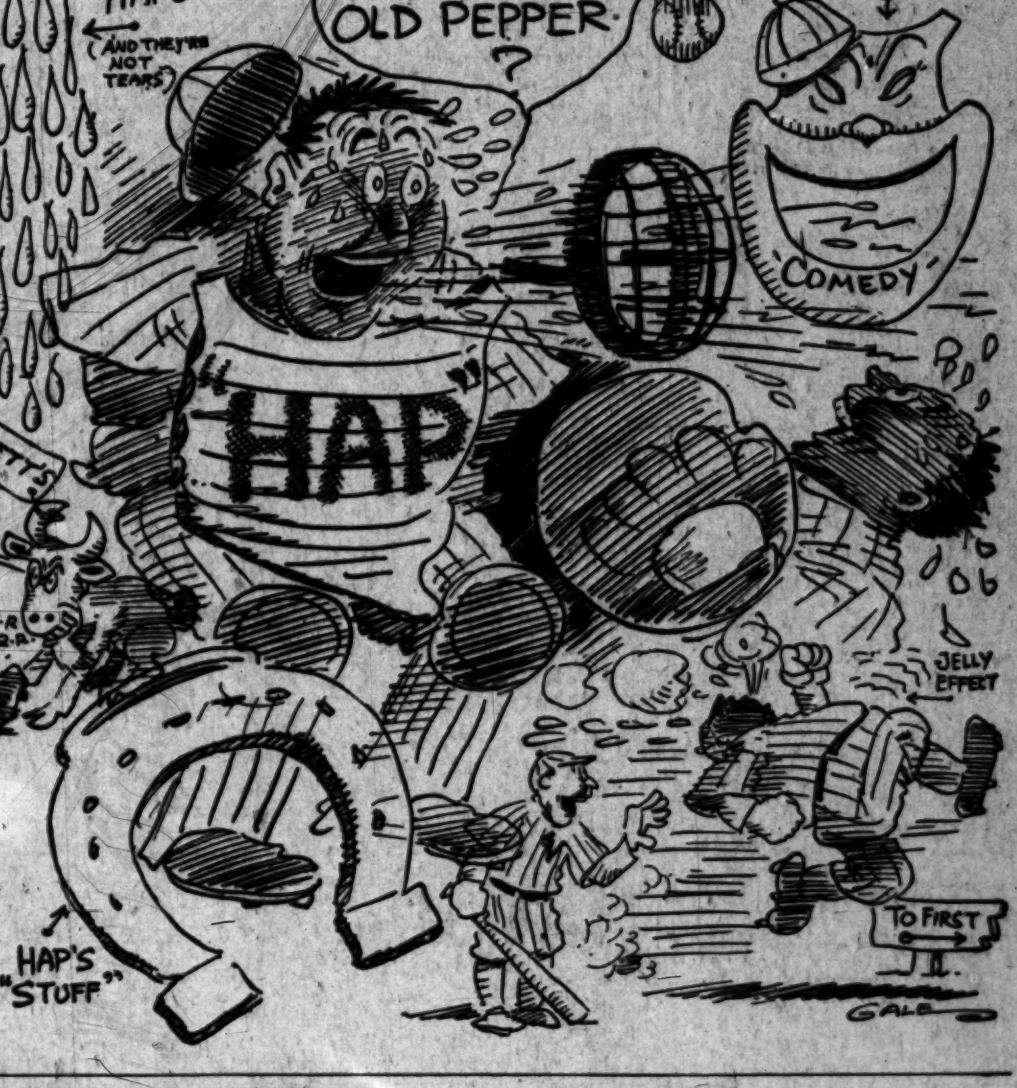

## FAMOUS STALLION DIES IN PARIS.

ROCK SAND, WHO COST AUGUST BELMONT A FORTUNE, IS OUT OF IT.

NEW YORK, July 21.—News has reached here from Paris that Rock Sand, the famous stallion bred in England, for which August Belmont paid \$125,000 in 1906, died there yesterday. He was 14 years old.

Mr. Belmont sold Rock Sand to a syndicate of Frenchmen and Americans two years ago for \$150,000.

## BILLIARD SHARKS ARRANGE MATCH.

WILLIE HOPPE AND MELBOURNE INMAN FIX UP DETAILS FOR MEETINGS.

NEW YORK, July 21.—Melbourne Inman, the English billiard champion, and Willie Hoppe, the American champion, completed in conference yesterday the final details for their international matches. Hoppe made a concession to the Englishman in agreeing to use 2 1/4-inch balls in the English game instead of the 3 1/4-inch balls originally agreed upon. The second finally fixed is but one-thirty-second of an inch larger than the maximum provided in the English rules. The first two dates already have been fixed and the dates for the third match will not be announced for some time. This third match will be divided between Toronto, Montreal and Winnipeg, Canada.

The first match, which starts in this city September 28, will be played alternately in English and American billiards.

## TWELVE PIRATES SLATED FOR ASH HEAP IS RUMOR.

BY DIRECT WIRE—EXCLUSIVE DISPATCH.

PITTSBURGH (Pa.) July 21.—Immediately following the announcement today that Mike Mitchell had been sold to the Washington Americans came the report that President Dreyfus has asked waivers on eleven players, among them being the following regulars: Connelman, Carey, O'Toole, Menzor and Joe Kelly. Some of the others said to be slated to go are: Kanti-

That organized baseball is a violation of the Sherman anti-trust law was denied by Justice Basell, on the ground that he could not agree that "the business of baseball for profit is interstate trade or commerce and therefore subject to the provisions of the Sherman act."

The court held, however, that it was monopoly of the baseball business in contravention of the common law.

Notice of appeal from Justice Basell's decision was filed late this afternoon. The appeal will not prevent Chase from playing with the Buffalo Federal League team, and it was said tonight that he would be on first base tomorrow.

## FEDS STUNNING VICTORY IN THE HAL CHASE CASE.

Back Water.

## PLAYERS FORCE MAGNATES TO GIVE IN TO DEMANDS.

NEW YORK, July 21.—The Baseball Players' Fraternity won a victory here today and a threatened strike of National and American League players, members of the fraternity, was averted when the case of Player Clarence O. Kraft was settled to the satisfaction of the players' organization, and in accordance with its demands. The incident is considered closed both by the big league magnates and by the players.

Charles H. Ebbets, president of the Brooklyn National League club, was the magnate who stepped into the breach and brought peace when it appeared that organized baseball was about to be disrupted by the struggle between club owners and players. Ebbets announced the settlement of the case at the meeting of the American League representatives, who are in secret session preparing either to prevent the strike or retaliate upon the fraternity for its strike order, which was to have gone into effect tomorrow.

The Brooklyn club executive, who also is a stockholder in the Newark International League club, of which his son, Charles H. Ebbets, Jr., is president, announced that the Newark officials had paid the Nashville club of the Southern Association \$1500 in settlement of the latter's claim on Kraft, and that he would report and

play with Newark at Providence in tomorrow's game. In addition, the Newark club agreed to observe all the stipulations of Kraft's contract, as originally in force before he was ordered to Nashville by the National Commission, besides paying him five weeks' back salary for the period he has been under suspension for not reporting to the Nashville club.

Kraft's contract with Newark calls for a salary of \$450 a month, and both the ten days' notice of release clause and the disability clause were stricken out before the document was signed. The Nashville club received \$1500 for its release of claims on Kraft, and \$1000 in addition as a bonus for accepting the Newark club's terms.

Under the Newark contract Kraft received \$150 more a month than he would as a Nashville player, which was the critical point in the controversy, the fraternity contending that the player could not be shunted from a Class AA league to a Class A organization with a subsequent reduction in salary in the manner prescribed by the National Commission. Ebbets denied that any pressure had been brought to bear upon him or on officers of the Newark club in making the deal which cleared away the baseball war cloud. He said that as a stockholder in both the Brooklyn and Newark clubs he had taken the initiative.

[BY A. P. MURPHY WIRE.]

CLEVELAND (O.) July 21.—Reckless fell right and left at the second turn of the Grand Circuit harness race on North Randall track this afternoon, the first heat of the 2:05 pace. Burns, Jr., forced William champion, from a three-year-old pacesetter of 1912, to mark of 3:02.

William did the second heat in 2:24. The two heats are the fastest ever paced by a four-year-old or by stallion.

In the third and final heat of the day stake, the day's classic, Star Center, established a new mark of 2:10 for the event and also trotted the fastest mile of the year on any track.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]  
DENVER, July 31.—Gene Delmont disappointed a crowd of several hundred fight fans at the Colorado Ath-

Leto Club's arena here tonight by suffering a severe licking at the hands of Bennis Chaves of Trinidad.

With the exception of the first, second and fifth rounds, Chaves clearly had the better of the argument. Delmont appeared to stall most of the way and made unsuccessful efforts to land a knockout blow.

Chaves was knocked out in the second round of a fight here a few weeks ago by Johnny Kilbane. The fact that Delmont was killed in two rounds with Kilbane in Memphis caused the fans to believe Chaves would not last the limit of the bout.

CHICAGO, July 21.—John M. Simpson, the 17-year-old player of the Soangetaha club of Galesburg, Ill.,

led a field of seventy-seven today in the qualifying round of the first western junior golf championship. He went out in forty and came back in thirty-six, one stroke under par.

Every boy who has any ambition and wishes to have a jolly vacation at Catalina Island which includes free transportation from Los Angeles to the island and return, free meals and board, should join a Times camping party.

The list of the boys to make the eighth trip, to leave on Thursday, July 23, is almost complete. Boys for the ninth trip will leave The Times office Monday, July 27. Have your name put on this list if you wish to go. Call or write for illustrated circular containing full particulars. Address

## AUSTRALIANS DON'T SHINE.

Tennis Fans Not Impressed

Are Not Conceded a Chance

Canadians Might Possibly  
Beat Them.

(BY A. P. MONT WIRE.)  
CHICAGO, July 21.—Chicago tennis followers have failed so far to be greatly impressed by the work of the Australian stars, who meet the Canadians in the Davis cup preliminaries at the Onward Club this week.

Eastern bettors who have rated the Antipodeans as favorites at 1 to 3 or 4, are thought by local critics to have overestimated their strength. It is thought there is little chance of Australia's taking the cup from America.

However, it is not considered that Canada has much better than an outside chance of defeating Australia in the preliminaries. Even the Canadians themselves seem to entertain little hope of beating their rivals, but they have continued to practice steadily, with the idea of making as good a showing as possible and being prepared for the best should the opportunity come.

### NATIONAL LEAGUE MATHEWSON WINS HIS OWN BATTLE.

(BY A. P. MONT WIRE.)  
CINCINNATI, July 21.—With two men on base in the thirteenth inning, Mathewson drove out a single, which brought in the run that won the game from Cincinnati today, 5 to 1. In that inning Fletcher, the first man up, doubled. He was advanced to third by Mathewson's sacrifice. On Meyer's grounder Fletcher was run down between third and the home plate. Pies then ran for Meyer. Pies went to second when Grant was given a base on balls and scored when Mathewson singled to center field.

Demaree, who started the game for New York, batted down the first inning, when Cincinnati made five hits good for three runs. Fromme, who succeeded Demaree, pitched two innings and did not allow a hit. Mathewson then went into the box and succeeded in retiring the Cincinnati batters in the last three outs for the rest of the game. Score:

This love of idleness is an inherent trait, passed on to the children, and may account for the lethargy of the Turk. It was this that some would claim has caused his downfall, the idleness of the harem having resulted in expelling the Grand

## KING ANNOYED

## AT PRESS COMMENT.

[BY ATLANTIC CABLE AND A. F.]

LONDON, July 22.—The Standard publishes this morning an important statement "at the request of a high authority in close touch with court circles," declaring that the King is greatly annoyed at the action of certain Newspapers in bringing his name into the home rule controversy and especially at the assertion that he would refuse to give the royal assent to the home rule bill unless it was accompanied by the amending bill.

"On the contrary," says the statement, "His Majesty, in conversation with his ministers and personal friends, has been careful never to disclose his own opinions on the home rule question."

The home rule bill under any conditions whatever.

The remarkable speech of King George at yesterday's conference at Buckingham Palace already has provoked bitter press polemics and seems destined to revive the old controversy about royal interference in political affairs.

All morning newspapers in the editorial comment seize on the phrase the cry of civil war is on the lips of the most responsible and sober-minded of my people," while the uninitiated journals describe the speech as a noble and patriotic appeal which will rally the nation behind the

the King of exceeding his prerogative.

Ups and Downs of Life in Australia,  
Where the Successful Ones Build  
Mansions,  
[Cornhill Magazine:] "During the  
vacation I spent wandering to and fro  
the face of tropical Australia I  
saw the old order slowly changing."  
Writes Bishop Frodsham. "It has not  
yet quite gone, but one by one the  
old hands are 'crossing the great di-

men—for as a rule these leave the work to build themselves mansions near Melbourne, or homes by one of the landlocked inlets of Sydney Cove.

"The unsuccessful ones do as they have often done before. They start it alone on their last journey. The people who follow in their footsteps quickly forget the man who found and blazed the track. When they read in the papers that such and such an 'early citizen' died at the local hospital, or was found dead in his military camp, they remember for a while and then again forget. Yet a battered old derelict was not infrequently one whose name will live in the nomenclature of mountains,

"It is a strange thing that gentlemen, like women, when they fall, seem to go under completely—irrevocably. One blazing summer noon I met a rough-looking man in the gray shirt and moleskin trousers so characteristic of the bush. I remember that I was similarly clad. He was waving, as I was entering, a bushy tree. We recognized each other at once, although we had not met since the night when I sat next him at his sentimental meal. I asked him to come and see me at Bishop's Lodge,

men he liked. But, with the smile remembered almost painfully, he refused. He had forgotten how to

have, he said, and all I could urge is not shake his determination. There are many such. They meet their fate as they meet their disgrace, with a nonchalance that is not the least valuable asset of a gentleman. There are lower depths for gentlemen than boundary-riding under an assumed name—depths more abysmal because more hopeless. A man who above the average gets on in Australia far quicker than he could do normally in the old country. Such a man may retrieve a folly, even a disgrace, and build up again an honorable name. But what about the noble folk who are sent abroad to relieve their friends at home of their

presence, with a remittance paid reg-  
ularly upon one condition—that they  
themselves do not return? The late

Whymper used to say that the hardest task of all in mountaineering is helping a weak climber. The one is true of these poor derelicts of family life. What is the frame of mind that makes fathers send such—as of their own begetting—to the hospets of civilisation? Is it the same short-sighted optimism as that which makes their boys go little capable of distinguishing between dreams and reality—castles in Spain and the bald actualities of a bush hotel?"

# THE CITY

AND ENVIRONS.

## EVENTS BRIEFLY TOLD.

### Writer Gets Off Easy.

Frederick Jackson, a magazine writer, was placed on probation for three years yesterday by Judge Williams in criminal court. Jackson pleaded guilty to a burglary charge. He was reprimanded by the judge.

### Lecture on Salesmanship.

Blanchard Hall was filled with an audience last night to hear George M. Wessels on the subject of salesmanship and to witness the interesting moving pictures accompanying. The entertainment was presented by the Retail Dry Goods Association.

### Dog Had Rabies.

Bitten by a dog Monday, Joseph Christofano and his son, Ralph, 15, yesterday learned that the animal had rabies, and that the nearest supply of Pasteur serum, with which it is treated, is in San Francisco. Several vials are being rushed here by express.

### Kentucky Reunion Picnic.

The Kentucky Society will hold its annual picnic-reunion in Sycamore Grove Saturday. It is to be an all-day, old-fashioned, get-acquainted Kentucky picnic, with a program in the afternoon. Filled lunch baskets are expected.

### Salem's Victims Needy.

Another appeal for funds to aid the 30,000 homeless of Salem, Mass., was made yesterday by the Chamber of Commerce. "Los Angeles, ever in the front in extending charity to a worthy cause," said the Chamber's statement, "should not fail to aid its distressed city in the East by sending a creditable amount."

### Will Speak on Reclamation.

C. J. Blanchard, statistician of the United States Reclamation Bureau at Washington, D. C., will address the students of the Isaac Woodbury Business College, in the Hamburger building, this afternoon at 2:15. He will speak on the subject of "Reclamation," and the public is invited to hear him.

### Rabbi to Address Women.

Rabbi Rudolph I. Coffee of Pittsburgh will address a meeting of women only this afternoon at 2:30, in Pecos Hall, under the auspices of the W.C.T.U. Federation, and all women are invited to attend. The speaker is chairman of the Moral Efficiency Commission in his home city and will explain how the great social evil problem is handled there.

### Says Never Any Trouble.

Word was received here last night that L. O. Sykes, cashier of the Bank of Gwynett, Ga., arrived yesterday in Atlanta, from Norcross, Ga., to learn further details regarding the slaying of his wife in Los Angeles by a supposed jealous admirer. He said he knew nothing of the report that she had applied for divorce and further declared that his wife and he had never had any trouble.

### Reclamation Statistician to Speak.

C. J. Blanchard, statistician of the Reclamation Bureau of the United States government, will be the chief speaker Friday night at a meeting of the Victor Valley Reclamation Club in the Isaac Woodbury Business College, Hamburger building. Mr. Blanchard has been identified with the Reclamation Service for many years and is familiar with all the projects that the government has undertaken. He is interested particularly in the development of the water resources of the Colorado River basin and the proposed plan to reclaim Victor Valley. His address will be illustrated.

### Goes to Dun; Finds Fire.

If G. C. Richardson, proprietor of the Victoria Hotel at No. 757 South Main street, has not arisen at 3 o'clock yesterday morning to collect room rent from a delinquent tenant he would probably now be collecting insurance for the building. Rubbing the sleep out of his eyes, Richardson went to the room of R. Ramsey, a cook, to ask him for overdue room rent. Instead of finding Ramsey in the room he discovered it full of smoke rising from a burning mattress. He extinguished the fire with buckets of water and then asked the police to arrest Ramsey for defrauding an innkeeper.

### FIRE INCENDIARY?

HIGHLAND, July 21.—Fire early this morning destroyed the Umfrid, a two-story lodging-house at Palm avenue and Main street, and with difficulty the fire department prevented the spread of the flames to the Congregational Church and a line of buildings on one side. The place was owned by J. C. T. Boggs and the loss is about \$1500. The origin of the fire is unknown, but incendiary is suspected by the authorities, for the same building was discovered after about a month ago under almost the same conditions.

## NORMAL SCHOOL IN HIGH HILLS.

SUMMER SESSION OF FRESNO STATE SCHOOL NOVEL, BUT SUCCEEDS.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]  
FRESNO, July 21.—High in the Sierras, among the pines and the sequoias, the Fresno State Normal School is holding summer session at a place called Cascade, on the banks of Big Creek. More than seventy-five students are in attendance, and with the training school are enrolled children of the mountaineers and campers.

"This is the first summer session," said Prof. W. B. Givens, in charge of the school, "and the experiment has proven successful. The students enjoy the course greatly. During their leisure hours they take hikes to the various centers of interest. The men students enjoy hunting and fishing, and already the faculty and students have set down together for a venison feast from a deer brought back by students."

The school in the Sierras is a pet plan of President McLane of the Normal. He desires to make the school a permanent undertaking.

## CANAL AS OUTLET FOR COTTON CROP.

ENGLAND ANXIOUSLY WAITS FOR IMPERIAL PRODUCT BY THE BIG DITCH.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]  
CALEXICO, July 21.—Word comes from Manchester, Eng., that the cotton-milling interests there are anxiously looking forward to the opening of the Panama Canal that Imperial Valley cotton can be more easily secured there. Imperial Valley cotton is in great demand in British mills because of its superior quality. The Calexico Compress Company, now erecting a cotton compress in this city, will, in addition to compressing cotton, use the extra steam power for the production of ice. They will erect an ice plant in connection with the compress that is to have a capacity of twenty-five tons a day. The officials of the company declare that the power equipment of the compress plant will furnish ample power to run this plant. The articles of incorporation permit the establishment of an ice plant. Ample storage rooms will be erected by the compress company, so that ice may be shipped to other parts of the valley, which at the present time is almost wholly dependent on the Holton Power Company.

## EXPECT ISSUE CLIMAX SOON.

Park Board Awaits on Its  
Chief Before Action.

Council Says Col. Griffith  
Will Post Forfeit.

"Moral Support" of Various  
Organizations Asked.

That the issue between the City Council and the Park Commission will soon be brought to a climax appears certain from yesterday's developments. The Park Commission at its meeting Monday evening had placed upon its minutes the notation that the communication from Councilman Wheeler, chairman of the Public Welfare Committee, relative to the proposed Greek theater and observatory in Griffith Park, was presented. This was practically an ultimatum for the Park Commission to get in line and work in harmony with the desires of the Council, or to resign.

The notation on the minutes then states that "Owing to the absence from the city of President Lippincott, action in the matter was deferred until communication could be had with him, and the secretary was instructed to so notify Councilman Wheeler."

Will Post Forfeit. The Park Commission has offered to resign, if Col. Griffith would deposit in some bank \$100,000 for the purpose of constructing the proposed building, so that the Council could then appoint Col. Griffith, Maj. John T. Jones and W. C. Muesel, the special commission, as park commissioners, and they could proceed with the construction of the Greek theater and observatory without hindrance.

Col. Griffith and the other members of this committee held a conference with the Councilmen yesterday. Col. Griffith announced that he is prepared to deposit the certified check for the amount proposed. It is probable that he will do so today.

Members of the Council state that when he does this, it is up to the Council to accept the proposal of the Park Commission regarding their resignation.

"MORAL SUPPORT." But it is evident that the Council wants "moral support" in this stand. To this end, a letter was prepared yesterday afternoon by Chairman Wheeler of the Public Welfare Committee and sent out last night to the leading civic organizations, asking their expressions of opinion. The letter sets forth the councilman's view of the situation as follows:

As chairman of the Public Welfare Committee of the City Council, I desire to submit to your organization the following facts for your information, and with a request that we may become aware of your desires in the matter.

Col. Griffith J. Griffith, who donated to the city the park that now bears his name, wishes to give to the city the sum of \$200,000 or more in the shape of a magnificent Greek theater to be built in Griffith Park. The best architects in America have been at work on these plans, which are now complete. This would be a complete and permanent addition to the city's cultural life, and one which would be a source of pride and pleasure to all citizens.

Col. Griffith, in addition to the Greek theater, proposes to build and equip a popular science observatory on Mt. Hollywood. This project is a most novel one. It has the unqualified endorsement of many men of prominence in the educational and scientific world. It will be a popular scientific school that can be taken advantage of by the common people. The students in our schools would have an opportunity afforded nowhere else in the world.

Some time ago this gift was officially accepted by the city of Los Angeles, and appropriate legislation was passed by the City Council and signed by the Mayor. It provided for a special commission of three men to supervise the work. The Mayor appointed Col. Griffith, W. C. Muesel and Maj. Jones.

The park board has refused to comply with the ordinance and refuses to let the special commission proceed. They even asked for an injunction to prevent the commission from carrying out the improvement. This would allow part of it to proceed, but not the rest. Col. Griffith desired that all of it be accepted or none. The City Council agreed with him.

The alleged reasons given by the park board seem to be to be childish and absolutely without merit. The city charter says that the city may accept gifts and donations to be used in the manner that the donor may specify.

The board, in a recent communication, said if Col. Griffith would deposit \$100,000 in cash the board would resign. The \$100,000 has been put up, with the promise of an additional like amount.

The question now before us is this: "Shall we allow the construction of the Greek theater and the Hall of Science and Observatory to be given to the city, or shall we agree with the park board that it would 'disfigure the landscape'?"

How does your organization feel in the matter?

ALLEGED FORGER  
MAKES HIS ESCAPE.

BELEEF OF SLEUTHS SEARCHING  
FOR REALTY MAN; MORE  
COMPLAINTS READY.

Detectives who are searching for Fred G. Cutler, real estate man charged with obtaining \$27,000 from Mrs. Josephine R. Sherburn by means of an alleged forgery on a mortgage of the official stamp of the County Recorder's office, believe he has made good his escape. They think he left Los Angeles in his six-cylinder automobile shortly before noon Monday.

Two other women alleged to have been swindled by the dancing young real estate dealer told their troubles to County Detective Duni yesterday. Mrs. Marie Kinney said Cutler got \$4000 from her by the same method as by him in the Sherburn case. Mrs. Hattie Downing charged him with swindling her out of \$3000. A complaint was received yesterday by Deputy District Attorney Blair. Other complaints against the missing man will probably be issued today. Mr. Duni learned yesterday that Cutler had \$44,000 deposited in a Los Angeles bank, most of which he drew out the day of his departure from this city.

## SINGLE MEN COME CHEAP.

Workmen's Compensation Act  
Places Price on Married Men.  
Hears, Says Doctor to Board.

The workmen's compensation act places a price on the head of the married man. "The corporations will not hire him for any position involving risk," Dr. Raymond G. Taylor told the Board of Public Service Commissioners yesterday.

As for single men—they come cheap; only \$100 for funeral expenses. "Hire single men and cut down expenses," sarcastically observed Commissioner John W. Kemp.

Dr. Taylor, who is consulting physician for the city, urged the board to action to protect its department under the new law. He suggested that each man hired be compelled to furnish a certificate of good physical condition.

"After a while," said Chief Engineer Mulholland, "hiring men will be like buying horses and mules—we will be examining them for spavins and ringworms."

Later, Mr. Mulholland stated that the health certificate idea wouldn't work in his department, where men have to be hired in a hurry.

The whole matter was finally referred to Special Counsel Mathews to investigate and report.

In Los Angeles.

## PLAN TO BEST NATURE ITSELF.

GATHERING OF ELKS WILL BE  
GREATEST EVER.

Grand Exalted Ruler Arrives in the  
City With Many Eastern Visitors.  
Tells of Many Honors Carried Off  
by California at the Late Denver  
Conclave.

More numerous than any herd that has ever gathered in the wilderness or the cities of America will be the gathering of Elks in Los Angeles in 1915, according to the Grand Exalted Ruler, Raymond Benjamin, who, returning from Denver, stopped off in Los Angeles yesterday for his first official visit since election a few days ago.

A band of about fifty automobiles were gathered at the depot and acted as escort of the leading Elk of America. All of the local officers, including Exalted Ruler Brodbeck and Secretary Lovie, were in the Reception Committee which attended him to the Alexandria, where he is staying until he leaves tomorrow for his home in the north.

The Coast sentiment for 1915 displayed by the delegates was remarkable and everything was known in their minds months ahead, apparently. The inability of Seattle to supply the second week of July for the convention left it unanimously to Los Angeles, and added an additional trophy to the many carried off by California. Grand Exalted Ruler Benjamin, who is one of the few men ever chosen without a single opponent for the highest position in the gift of the order.

"We look for an overwhelming number of Elks at the convention, as high as 15,000, making it one of the greatest gatherings the country has ever seen," he said. "No thought of inability to take care of the visitors which some of us were knowing full well was done by Los Angeles in 1910 when 60,000 Elks were handled with ease. Every lodge in the State will undoubtedly give any possible assistance in entertaining the visitors and those south of the Tehachapi will work in harmony in the matter of arrangements."

Mr. Benjamin expressed great appreciation for the honors conferred on him, not much personally as for the reason that it helped to add to the luster of California's name at the "convention." The State secured the convention, the Grand Exalted Ruler, ship, San Francisco and Oakland took first and second prizes for their drill teams and San Francisco took first prize for best representation in the parade, he said, "a bouquet of honors seldom if ever achieved by one State."

On the arrival of the returning delegates, Mr. Benjamin went directly to his home to be received by his family, and then to the city and its environs. Tonight the Elks Club will be the scene of a great get-together meeting and banquet which some of the initial pluck of the convention will be discussed and the new head of the order will be greeted by a reception.

NO REDUCTIONS  
OF ASSESSMENTS.

NEARLY EVERY ESTIMATE IS  
UPHELD; CORPORATIONS  
HARDEST HIT.

Sustaining the estimates of County Assessor Hopkins in almost every case, the Board of Supervisors, sitting as a board of equalization, yesterday made a number of important decisions on applications of property owners for a reduction of assessments. The Standard Oil Company was denied a reduction of more than \$2,000,000 in the annual valuation of its Los Angeles holdings. The exact figures of the assessment are \$2,475,755. The company asked that this be reduced to \$400,000.

The Outer Dock and Wharf Company was denied a reduction from \$224,855 to nothing. The Union Oil Company was denied a reduction of \$385,025 on stock, bonds and solvent credits. The request of the Southern California Gas Company for a reduction of \$700,135, which was made through a clerical error, was granted.

## YOUTH SHOWS UP SMUGGLERS.

Turns Against Gang Which  
He Joined.

Released from sentence for Smuggling, Boy Offers to Aid Officers in Arrest of Others, Rejoins Contraband Crowd and is Arrested—Turns on Companions.

Leroy Hughes, an Ohio boy, turned up one of the biggest opium smuggling schemes in the recent history of the Federal service, according to the testimony brought forth yesterday in the hearing before United States Commissioner Williams of the complaint against Henry W. Fausser, his wife, Helen Fausser, Anton Volk, Paul Grin, Oscar Miles, Henry Lee (a Chinese boy), and Hughes himself, charged with conspiring to bring a large amount of opium into the country from Mexico.

Two hundred and fifty cans of the "dope" were purchased by a part of the defendants, including Hughes, at Ensenada in June, and it is claimed that payment was made with forged cashier's checks drawn on one of the Los Angeles banks. The value of the purchase, reckoned by the present cost of opium, is about \$12,500.

Hughes came to Los Angeles two years ago, and at once got into the smuggling game. He pleaded guilty last fall, with Young Sing, to bringing opium into the country, and served two months in the County Jail at San Diego.

OFFERS HIS AID.

He was no sooner released than he approached H. H. Weddell, Immigration Inspector at San Diego, with a proposition to go to Ensenada, and turn up Chinese contraband smugglers, counting on his acquaintance with the gang to make secure arrests.

According to the testimony, he, who had purchased the smoking opium of Chinese dealers at Ensenada, about June 16, but whether he used the bad cashier's checks did not appear. The State secured the opium on the evidence of W. B. Evans, deputy collector at Tia Juana, who captured Volk and Grin on the night of July 4, and they told him, said, that they had cleaned up everything in Ensenada with the bad checks.

After the purchase of the contraband the party, Hughes and Volk, purchased a team and drove to Mission Viejo, where a party known as "The State" was waiting. Hughes was caught on the shore line of the ocean; thence to Tia Juana and Tijuana, and finally to Jacumba, near Campo, where the balance of it was hidden. "It is there yet, so far as I know," said Hughes.

Hughes lapsed under the impression that if he did not assist in bringing the opium across the line, he could get away, not counting on the conspiracy end of the charge. When he reported to Inspector Weddell as to what he had done he was immediately arrested, and will answer with the balance of the defendants, but his voluntary testimony in favor of the government as a co-conspirator may operate to let him off easy.

USE BAD CHECKS.

A check was exhibited in court, given to Hughes by Volk, for \$100, signed by Helen Fausser, one of the defendants, for the work he had done in getting the opium across the line today.

It was drawn on the Citizens' Trust and Savings Bank, and cashed there, Hughes testified.

He said that it was generally understood there was no trouble getting opium across the line, and that the ordinary price at Mexicali was \$2 for each five-ounce can.

Inspector Weddell confirmed the statement of Hughes that he had hired the boy to go down to Ensenada, to try to get evidence against Chinese contraband smugglers. He said Hughes reported to him immediately after the opium had been hidden away at Jacumba.

All of the defendants were held to answer to the Federal grand jury and committed to the County Jail. An effort was made to have Mrs. Fausser, released from sentence for Smuggling, Boy Offers to Aid Officers in Arrest of Others, Rejoins Contraband Crowd and is Arrested—Turns on Companions.

GOVERNMENT TAKES POINT.

Two Important Letters Against American Brokerage Company Finally Admitted.

After another half-day spent in argument, the government won a substantial victory in the hearing of the complaint against the American Brokerage Company. United States District Attorney Stone successfully placed before the jury two important letters that had a bearing on the question of the status of the Guarantee Securities Company, whose business was purchased by the American Brokerage Company.

One of these letters had been sent to James G. McCutcheon of Bradford, Pa., in reply to another written by McCutcheon, insisting upon the delivery of his stock. The epistle from the company said that as a fraud order had been issued, the company was unable to deliver the stock at that time and that McCutcheon's stock.

The other was a letter sent to the Guarantee Securities Company by A. E. Zimmerman of Duluth, Minn., that was later returned to him, marked "fraudulent" by the postoffice officials of this city, indicating that the mails had been closed against the corporation.

Guillaume Peynaud of Baltimore, Md., exhibited sixty-eight receipts covering the payment of \$118,20, for Midway Provident, Great Western Pipe Line and Chesterfield Copper Company stocks, which he never received.

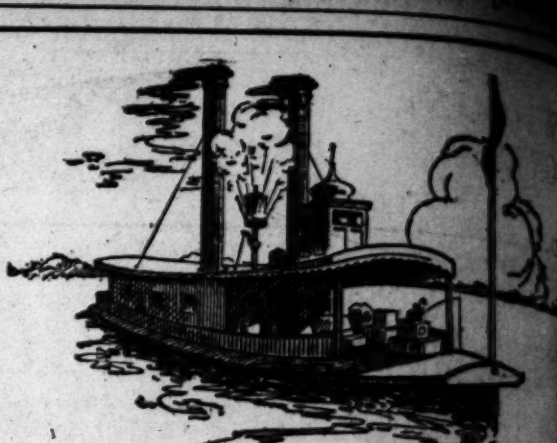

D. C. Willett of Morgantown, Ky., says he lost \$350 by the operations of the American Brokerage Company. He was later returned to him, marked "fraudulent" by the postoffice officials of this city, indicating that the mails had been closed against the corporation.

Neighbors say there has been a great deal of discord in the Burton home for many months.

MURDEROUS CAR BANDIT.  
Curses Police and Refuses Them Admission to

Secure Entrance and Find Strong Evidence.

After Long Hunt.  
The prisoner was then taken to the Emergency Hospital, where Mr. Morrison still remains at the point of death, and the injured man picked him out of a line without hesitation. Meador was then taken back to the Police Station, while other officers went to storm the alleged house of crime on the banks of the lake. Another altercation ensued with the seemingly desperate family, but in the end the officers gained entrance and seized the 31-caliber revolver with which the detectives assert that Meador shot Conductor Morrison.

An investigation at the home of the family revealed, it is said, that all were pronounced I.W.W. exponents with strong leanings toward anarchy. In a barn in the rear was found numerous placards announcing that "The world is ours, let us go and take it," and "When you see a thing you want, go and get it." In addition to scores of I.W.W. notices sent out to influence the weak-minded adherents of the commission of crime.

Evidence of even greater significance was brought to light when the officers found a stripped automobile and a motorcycle concealed in a dark corner.

CURSES POLICE.  
Upon being still further questioned the mother refused to give any information regarding the machines, and cursed the officers for entering a private home.

If we were damned capitalists, such as Rockefeller, you officers would not break into our house," said the infuriated woman.

As the officers, the government, and especially the police, followed and the officers were compelled to use stern methods to obtain possession of the evidence now in their hands.

Mrs. Meador asserted that her son had been in the habit of leaving the house at night, but would not say on what particular nights he had been away. Neither would she state where her son worked or by what profession or trade he made his living.

Convinced at last that they were on the right track, the officers returned to the station and questioned the suspect for several hours. The prisoner refused to answer any question except to disclaim all knowledge of the recent hold-ups.

He is a thin young man about 25 years old, a bottle of strychnine was found concealed in his pocket when searched and he refused to state for what purposes he carried around such a dangerous poison.

Meador was subsequently locked up without bail on the charge of suspected felony.

Identify Him.  
The preliminary hearing was held before Judge Morrison A. H. Evans, who was present when the prisoner was shot.

therefore, in the interests of the public schools of this city, and to conserve the interests of the taxpayers, recommend that the previous action of this board calling for an investigation be rescinded and these charges be dismissed.

Hand claps swept the assembly of over 200 persons when this resolution was passed and many rushed forward to grasp Mr. Francis by the hand.

FINE BID FOR HARMONY.  
"If all you board members will shake hands, I'll say for it," said Col. Steadman.

"No, it is not whitewash, madam," said Col. Steadman, rising to his feet.

PRETTY SHARP.  
Bickering, even the passing of the lie, direct, featured the early part of the meeting.

GETS OUT.  
A resolution of the Church Federation of Los Angeles setting forth that it would not participate in any investigation of Mr. Francis, either in the role of prosecutor or in an advisory capacity, met with the approval of the board and produced some comments, as a former communication from the same body had been taken to mean that the federation, as Mr. Blight phrased it, "had something on Mr. Francis."

THEY RESIGN.  
"I'll resign to make way for Mrs. Craig," said Mr. Blight.

"I won't," shouted Mr. Scott. "I'm harmless, anyway, as the committee is at present constituted. I want to know why this committee was arranged this way, anyway?"

"For the simple reason," calmly replied President Frank, "that I didn't want Supt. Francis antagonized."

"Well, seeing as Mr. Scott takes the attitude he does, I say," said Col. Steadman, "I won't resign so long as Mr. Scott says he won't resign in that tone of voice."

"Blight is making a bluff at resigning," said Mr. Scott.

"Oh, I object," interrupted Mr. Blight in a bored tone.

"Well, I'll resign if Mr. Scott will resign," put in Col. Steadman.

"To show you that I am a sport, let's put three names in a hat and eliminate the last name drawn," suggested Mr. Scott. This suggestion drew faint smiles.

As an upshot to the whole matter, Messrs. Blight, Steadman and Scott all resigned and President Frank appointed Mrs. Craig co-chairman of the committee and renamed Messrs. Blight and Steadman as members.

SCOTT READS A REPLY.  
This settled, Mr. Scott arose to a question of privileges and asked permission to read a reply to the scathing indictments of Mr. Francis of the night before.

"Mr. Francis sent one of his women teachers to my house, then he came to me himself in this matter," Mr. Scott asserted.

"I deny both allegations; they are not true," interrupted Mr. Francis.

## WOMAN MINER EXACTS TOLLS.

**Picnickers Who Pass Cabin Must Pay Coin.**

**Lively Fistic Encounter Is One of Results.**

**New Electric Railway Plans Are Unfolded.**

PARADENA, July 21.—Mrs. H. M. Gill, the "woman miner" of Millard's Canyon, who recently created consternation in the Arroyo Seco by plastering that canyon with mining claims, which, if held, would deprive many Pasadenaans of their summer cottages, and who has figured in several sensational altercations over water rights, has again burst into the limelight.

She is now playing the role of a western toll collector, seeking to exact fees of 5 or 10 cents from picnickers who pass her cabin. She makes her appearance in picturesque mountain attire, with a revolver depending from a belt around her ample waist.

The collection of toll fees from those who pass along the road past her cabin was begun yesterday. For the most part, it is declared, the tolls have been paid willingly, and probably a great many more have been forthcoming than would have been had the mountaineers not worn her six-shooter.

As it is the custom of charging fees before no fees were paid resulted in a fight last Sunday that might have had serious results had not Forest Ranger F. Havermale come along in the nick of time and put an end to the strife.

A party headed by Ray H. Fitzgerald of Los Angeles went into the canyon, having first procured from Assistant Ranger Cabot a permit to build a camp fire. The hikers arrived at the Gill cabin, and were stopped by the woman. There was a question of whether a fire could or could not be built on property to which she asserts she has title. The upshot of the trouble was that F. W. Ford, who also lives in the canyon, took a hand in the dispute. A fistic battle ensued in which Mr. Ford is reported to have got decidedly the worst of it. Mr. Gill ran toward the fighters, but Forest Ranger Havermale arrived simultaneously, the quarrel came to an abrupt end.

There is much talk of litigation over the charging of toll in the canyon, and many complaints have been made to the forest rangers there. A fee of 10 cents was charged at first, but later this was lowered to 5 cents, the charge now prevailing, according to those who have recently been there.

**NEW SCHEME IS UNFOLDED.**  
Still another Pasadena-Los Angeles electric railway project was under consideration by the City Commission yesterday. This time it was a new scheme of the Pasadena Rapid Transit Company.

Horace Dobbins, president of the company, has laid before the Commission a project for its approval, which is that the city should purchase of 1000 to complete the right of way that the company now partly owns. In return, the company promises to build a \$2,000,000 road, to revert to the city at the expiration of thirty years.

Mr. Dobbins's proposal reads in part: "The arrangement herein set forth contemplates that the citizens of Pasadena will vote bonds in amount not to exceed the sum of \$2,000,000 for the purpose of providing funds to be expended by the city of Pasadena to acquire the right of way of the proposed road between the business centers of Pasadena and Los Angeles, to provide a plan whereby a modern railroad without grade crossings may be built up on said right of way, to provide for the control of said railroad by the city of Pasadena, and to provide finally for the conversion of said railroad to the city of Pasadena."

The matter was referred to the Commission of Public Affairs and the City Attorney.

**THINKS MANY WILL GO.**  
H. J. Sears, manager of the Pasadena branch of the Automobile Club of Southern California, yesterday predicted that fifty out of every 100 automobiles in Pasadena will be driven to San Francisco fair, and that seventy-five out of every 100 will be driven to San Diego.

"In talking with automobile men," he said, "I find that extensive plans are made. I believe that this estimate is conservative. With the fine roads open between Pasadena and San Diego, I believe that two-thirds of the automobile owners here will make the trip to the fair there in 1915."

## WATER BONDS ADVOCATES WIN.

**Voters at Polls Decide to Buy Systems.**

**Action Bitterly Contested to the Last.**

**Blows Threaten at Eleventh-Hour Meeting.**

GLENDALE, July 21.—In the election held here today to decide whether the people of Glendale would issue bonds for the purpose of buying a municipal waterworks system, the bonds won by twenty-eight votes more than a two-thirds majority. The vote cast for the bonds was 1318, while 618 were cast against them.

The election closed one of the hottest contested battles ever waged here in any political campaign. For weeks feeling has run high, and almost every night mass meetings were held. Each side issued circulars almost daily.

All day long automobiles bearing placards with the words "Vote Yes" or the words "Vote No" have lined the streets carrying voters to the different polling precincts.

The headquarters of the Water Owners League during the campaign was at the Chamber of Commerce. The Municipal League had its regular headquarters, but did most of their work from automobiles.

They were right and that they had done their duty.

**SANATORIUM STAYS.**  
**BY A DECISIVE VOTE.**  
**LOCAL CORRESPONDENCE.**  
SIERRA LAUREL, July 21.—The voters of this city decided today by a majority vote of 167 that the sanatorium, which has been in existence for the past twelve years, should remain in its present location at the corner of the intersection of the main highway and the street leading to the hills.

The little daughter of Rev. and Mrs. J. Walter Carpenter of the First Christian Church has been in a serious condition for some time, and is now in the hands of the doctors.

**YACHT ROMANCE LEADS TO ALTAR.**  
**PROMINENT YOUNG PEOPLE OF SOUTH, BOTH SAILORS, WED TONIGHT.**

**LOCAL CORRESPONDENCE.**  
SAN DIEGO, July 21.—A wedding of two prominent young people in San Diego society circles will take place tomorrow night, the culmination of a romance which has been in progress for some time.

**TEST FOR MILK.**  
**LOCAL CORRESPONDENCE.**  
ONTARIO, July 21.—An amendment to the milk and food ordinance, requiring the tuberculin test for all cows whose milk is sold to Ontario consumers, was adopted last evening by the City Council.

**ALMOST BLOWS.**  
Last night at the mass meeting of the Water Owners League, conducted by the women advocates, which was attended by hundreds of people, both for and against the bonds, City Attorney Evans and John Roberts White, Jr., nearly came to blows as they contradicted each other point blank in the title to the water rights.

**TWO ARRESTS POINT TO COUNTERFEITING GANG.**  
**LOCAL CORRESPONDENCE.**  
SAN DIEGO, July 21.—With the arrest of two Mexicans here, Federal and municipal officers believe they have unearthed evidence of the operation of a large and well-organized gang of counterfeiters, presumably headed by headquarters in the North.

## BATTLES WITH SWORDFISH.

**LOCAL CORRESPONDENCE.**  
AVALON, July 21.—After battling for over three hours with a monster swordfish, Felix Kahn of San Francisco brought the catch to gaff and is now the proud possessor of a Tuna Club swordfish trophy.

In this famous fishing club and several prizes for the first catch of the season. Besides landing his swordfish, Mr. Kahn brought to gaff seven yellow-tail averaging over thirty pounds each. The swordfish weighed 117 pounds and measured ten feet in length.

Early yesterday morning Mr. Kahn left Avalon Harbor, San Clemente Island, to return to Avalon, in the launch Leta D., landing on the July seven yellowtail before his swordfish took a bait. With a heavy sea running and the fish dashing spray over him and his wife, Mr. Kahn allowed the maddened monster to tow the boat so that it would not be a battle more rapidly. Nine times the monster catch was within a few feet of the gaff, when, with renewed vigor, it dashed off to regain its liberty.

In its second rush after the strike the angler declared that the swordfish almost tore the reel from the socket of the rod and carried off 800 feet of line.

The fish will be mounted and sent to San Francisco. Kahn is a building contractor.

**HANDS EXTEND ABOUT COUNTY.**  
**Automobiles Bear Boosters to Many Towns.**

**LOCAL CORRESPONDENCE.**  
SANTA BARBARA, July 21.—This city sent greetings to the towns in the northern and of the county today, when a long procession of automobiles chugged over of Santa Barbara on the glad-hands-about-the-county motor tour, under the auspices of the Commercial Club of this city.

No similar procession has ever been witnessed in this section, and the neighboring towns opened a new chapter in the history of the county. The purpose being to acquaint the people of the county with the vast resources of the county and develop a more neighborly feeling all around.

The success of the movement has leaped beyond the expectations of the club. R. L. Janney and H. W. Gordon have had charge of all arrangements, and at first hoped for half the number who this morning started on the jaunt. The fifteen automobiles were gay with flags.

Lompoc arranged a big welcome, which included a barbecue at noon, and this afternoon the visitors were escorted to Santa Maria by a big procession of automobiles from that city.

They were right and that they had done their duty.

**CITIZENS PLEDGE SUPPORT TO COUNCIL—HONEY CROP THE BEST YET.**

**LOCAL CORRESPONDENCE.**  
BRAWLEY, July 21.—Street paving is the next in order in Brawley, and according to the spirit manifested by citizens and Councilmen at the last meeting of the City Council, the work is to begin in earnest in the very near future. There were, in addition to the regular Council officers, about forty of the prominent, representative citizens of the city.

## HUNTER'S BULLET FELS AGED MAN.

**LAD, SEEKING FOOD FOR HIS PET WEASEL, STRIKES HUMAN VICTIM.**

**LOCAL CORRESPONDENCE.**  
SAN BERNARDINO, July 21.—The hunger of one pet weasel led to the accidental shooting of J. J. Laraway, 75 years old, at Loma Linda, by Seth Moses, a 17-year-old lad. The former is in the Loma Linda Sanatorium and is reported to have an even chance for recovery, with a punctured intestine near the groin. Young Moses was out with his rifle to shoot something for his pet and the bullet aimed at a bird struck Mr. Laraway, who was picking corn close by.

## ECZEMA SPREAD ALL OVER CHILD'S BODY.

**Came on Face and Caused Disfigurement. Clothing Aggravated Trouble. Itching Burning Sensation. Could Not Sleep. Cuticura Soap and Ointment Healed.**

1177 Market St., Chablis, Wash.—"My little nephew was cross and cried and complained of itching. The eczema broke out on his face, neck, and chest, and spread all over his body, and it came on his face and caused disfigurement. His hands had to be tied to keep him from scratching. His clothing aggravated the trouble and he was so covered with eruptions he didn't look natural. There was such itching and burning sensation he could not sleep and kept someone with him continually. Weeks and months passed by and we had almost given up in despair. One day I read about Cuticura Soap and Ointment being good for eczema and all skin troubles. I sent for a free sample and immediately we discovered a change for the better. Before the sample was used up there was such a remarkable change that I bought a box of Cuticura Soap and a box of Cuticura Ointment. The eruptions healed, the burning and itching ceased and by the time the Cuticura Soap and Ointment were used up he was a well boy." (Signed) Mrs. J. L. Steelman, Apr. 8, 1914.

## JOYFUL ANTICIPATION OF Motherhood

There is apt to be a latent apprehension of distress to mar the complete joy of expectation.

But this is quite overcome by the advice given by the "Mother's Friend." This is an external application designed to soothe the muscles and nerves, and to relieve the pressure on the nerves, that the natural strain upon the cords and ligaments is not accompanied by those severe pains said to cause nausea, morning sickness and many local distresses.

Many people believe that these remedies have been put to every trial, under the varying conditions of age, weight, general health, etc. The "Mother's Friend" has been in continuous use since our grandmother's earlier years.

It is known throughout the United States that it may be easily inferred that it is some "Mother's Friend" is recommended.

## JOYFUL ANTICIPATION OF Motherhood

There is apt to be a latent apprehension of distress to mar the complete joy of expectation.

But this is quite overcome by the advice given by the "Mother's Friend." This is an external application designed to soothe the muscles and nerves, and to relieve the pressure on the nerves, that the natural strain upon the cords and ligaments is not accompanied by those severe pains said to cause nausea, morning sickness and many local distresses.

Many people believe that these remedies have been put to every trial

# The Public Service.

**SUMMARY OF THE DAY.**  
Railroad Engineer Mohler for the Board of Public Utilities has rejected advice of his friends to resign, and today the Council will adopt the budget cutting off his salary and those of his two assistants.

Charges were filed with the Police Commission yesterday against three saloons, one poolroom and one messenger agency, alleging that they deal in morphine and cocaine. The proprietors have been cited to appear before the commission.

The cashing of pay checks in saloons is to be prohibited by a resolution of the Police Commission that such action will be considered "improper conduct of business," for which license permits may be revoked.

The Police Commission yesterday approved the appointment of Rev. Baker P. Lee as chaplain for the police department.

A new movement is on foot to secure a liquor permit for the Clark Hotel.

A life guard was called into court to show the methods of resuscitating a drowned person and to prove to the jury that it is not a cruel proceeding. It was just like a scene in a movie with the crowded courtroom as an audience.

At the City Hall.

## MOHLER WILL NOT RESIGN.

**REJECTS ADVICE OF UTILITIES BOARD'S HEAD.**

**Budget Will Go to City Council Today With No Provision for Salaries of Railroad Engineer and His Assistants—Hopes for Change of Attitude.**

Charles K. Mohler, railroad engineer for the Public Utilities Commission, will not resign. He has rejected the advice of President Wright of the commission to tender his resignation before the City Council passes upon the budget that will be presented today. He will take his chance on a change of attitude by the Councilmen that will save him his salary.

The budget contains no items for the salaries of Mohler or his two assistants. Members of the Finance Committee have strongly expressed themselves as being in favor of discontinuing the work of preparing plans for a union railroad terminal and a union station, which was in Mr. Mohler's hands, as there is no immediate prospect for either of these projects being carried through to reality. They declare that the city cannot afford at this time to spend money for the preparation of such plans, and that they might be absolutely useless in years to come when the schemes were possible, because of the general change in conditions.

President Wright and Commissioner Wirtz held a conference with Engineer Mohler yesterday, at which time the subject was thoroughly discussed. President Wright urged that as the Council in all probability will adopt the budget as presented, thereby automatically cutting off the engineer's salary, it would be better for Mr. Mohler to file his resignation before this action was taken. Mr. Mohler believed that the commission itself should take up the cudgels in behalf of the railroad department and resent the proposed action in cutting off the salaries. To this procedure the members of the commission were not inclined.

"If the Budget Committee decides we will have to get along with only so much money, and cannot see its way clear to provide for the salaries of the engineer and his assistants, then we will simply have to resign," said the situation and adapt our work to the new conditions," said President Wright after the conference yesterday.

There is no inclination on the part of the Councilmen to question the ability of Engineer Mohler, their opposition being on the grounds of economy. Mr. Mohler, it is understood, hopes that there may be a change of attitude. It is probable that representatives of some of the organizations that have urged the preparation of plans for the railroad terminals, etc., will be before the Council this morning to protest against the proposed cutting off of the Mohler salary.

The funds of the Board of Public Utilities have been cut to a figure far below the department estimates.

**ACTION ON PERMITS.**

**POLICE COMMISSION'S WORK.**

The Police Commission at yesterday's session took the following action on liquor permits:

A transfer of the wholesale liquor permit for No. 904 South San Pedro street was granted to S. Charles Smith to Charles Sandler.

The saloon permit for No. 109 West Sixth street was transferred from George Gordon to Gordon & Hall.

Achille Travaglini was granted permission to transfer his No. 1 restaurant liquor permit from No. 710 to No. 712 South Spring street.

Henry Schoettler, who held a wholesale liquor permit for No. 500 West Temple street, has taken into partnership his son, Arthur C. Schoettler, and a transfer of the permit was granted to Schoettler & Schoettler.

**SERIOUS CHARGES.**

**PERMIT HOLDERS CITED.**

The charge is made by Roy Jones, an inspector of the State Board of Pharmacy, that traffic in morphine and cocaine is being carried on by certain saloons and one messenger company's employees in this city and Chief of Police Sebastian yesterday presented these allegations to the Police Commission, calling attention to the great injury to the public resulting through this means of disseminating vice.

As a result the commission issued citations to the following to appear at the next meeting to answer these charges: Max J. Conroy, Montana Saloon, No. 527 South Main street; Dan J. Kearney, Chief Saloon, No. 513 South Main street; McCoy Brothers saloon, No. 120 West Third street; Montana pool room, underneath Montana saloon; Co-operative Messenger Service Company.

The commission set the hearing of the Gyle case over for July 23. It also postponed for one week hearing of the charges against two saloons men of improper conduct of business. These are the cases of Richard Matthias, No. 213 South Main street, and Redmond & McGinley, No. 143 South Los Angeles street.

Arthur F. Armstrong, holder of a saloon permit for No. 315 South Spring street, is charged with selling liquor to a minor, Albert L. Johnson, 19 years of age. The case was set for hearing yesterday, but it was found that young Johnson had left the city before a subpoena was served upon him to appear. The Mayor wanted to see the lad, declaring it might be his appearance was that of a young man over the age limit, so the case was postponed until he can be brought here and will be heard August 4.

**CAN'T CASH CHECKS IF THEY'RE FOR LABOR.**

The City Prosecutor was instructed by the Police Commission yesterday to prepare a resolution for adoption by the board declaring it improper conduct of business for saloons to cash laborer's pay checks. This resolution will be before the commission at a meeting to be held tomorrow. Each member of the commission declared that the city would be better off by having the practice prohibited of saloons cashing pay checks.

The Civic Righteousness Committee of the Church Federation reported yesterday to the federation that the practice of cashing checks in saloons with liquor establishments is most reprehensible, not only because of the direct loss occasioned by a discount when a change is made for cashing, but also because the practice tends to unduly stimulate the liquor traffic, and doubtless this is the prime reason for such a custom. It generally exists as claimed. It recommends that the Police Commission be requested to suppress the practice.

**POLICE CHAPLAIN.**

**NEW DEPARTURE APPROVED.**

Approval was given by the Police Commission yesterday to the action of Chief of Police Sebastian in appointing Rev. Baker P. Lee as chaplain for the Los Angeles police department.

In his statement to the commission Chief Sebastian says:

"The police department is in need of such a position, and I consider Rev. Mr. Lee, who is well and favorably known to the personnel of the department and jail workers, as eminently qualified for the position."

**EARLY OUTLAYS**

**FOR POLICE DEPARTMENT.**

Chief of Police Sebastian yesterday secured the approval of the Police Commission on his plan for early outlays of funds provided in the new budget, and the commission will ask the City Council for permission to exceed its one-twelfth allowance for the purchase of vehicles, traffic semaphores, traffic safety stands, hospital expenses and the purchase of hay, which can be secured at special advantage at this time.

**Hotel Liquor License Desired.**

Through the hocus-pocus of previous proceedings intended to reopen to liquor permits Hill street between Fourth and Fifth streets, the Hotel Clark lost its restaurant liquor permit. A movement has now been started to secure a hotel liquor permit for this hotel. A petition was filed with the Police Commission yesterday asking that the block be reopened so that hotel or retail licenses can be granted there. The petition, which represents \$44.87 feet of frontage, was referred to the Chief of Police for checking and report.

**Would Begin at the Foot.**

Chief of Police Sebastian recommended to the Police Commission yesterday that a rule be adopted providing that when members of the police department leave their positions they thereby lose all standing therein and must, if reemployed, be appointed at the lowest position available. He also recommended that the commission should serve a probationary period and be considered in all respects as new appointees.

The Chief stated that some men have simply used the department at their own convenience, leaving to take other positions, and then returning to take places where they out-ranked those who have stayed by the work. He contended this was a bad situation and asked our work to the new conditions," said President Wright after the conference yesterday.

There is no inclination on the part of the Councilmen to question the ability of Engineer Mohler, their opposition being on the grounds of economy. Mr. Mohler, it is understood, hopes that there may be a change of attitude. It is probable that representatives of some of the organizations that have urged the preparation of plans for the railroad terminals, etc., will be before the Council this morning to protest against the proposed cutting off of the Mohler salary.

**LIFEGUARD AT WORK IN COURT.**

**RESUSCITATES PERSON TWICE BEFORE JURY.**

No, Man Wasn't Really Drowned, but Lawyer Wanted to Prove His Point—Just Like a Scene in the Movies, Only Better—Everybody Liked It, Too.

With all the effect of a moving picture, a Venice lifeguard in Judge Myers' court yesterday demonstrated for the benefit of the jury trying the suit of a widow for an accident policy on her husband's life, the methods of resuscitating victims snatched from the sea.

The demonstration was ordered by the attorney for Mrs. Esther A. Kinsey, whose husband, Edward W. Kinsey, lost his life while bathing at Venice September 18, 1913. The company declined to pay the policy, alleging that Mr. Kinsey's death was the result of a stroke, and not a drowning. It also set up that several ribs had been fractured by the violent efforts of a lifeguard in the effort to revive him.

Mrs. Kinsey asserted that the ribs were fractured by the body striking the bottom of the pool, and that the lifeguard's method was not violent enough to fracture his ribs, the attorney called on David Moreno, the life guard, to make the demonstration.

"Just indicate to the jury how you would revive a man," ordered the attorney. "Use the same force as you did last September."

O. V. Sprague, a friend of the Kinsey family, offered himself as a volunteer. He was told to lie flat on the floor in front of the jury box, and to bend against his body and operate the pump to pump out the water from the lungs and inject air into them.

The next scene was another lifeguard and Mr. Sprague doing the barrel act, with Moreno rolling the supposed drowning man. Jurors, lawyers, court attendants and spectators craned their heads to see the modus operandi of saving life. Mr. Sprague, however, was not very convincing, and the jury, none the less, was for the insurance.

**TO SELL STOCK.**

**ASSESSMENT UNPAID.**

The San Pedro Transportation Company will today sell 1000 shares of stock belonging to R. H. Ingram and his wife for non-payment of assessment. The stock was declared delinquent June 2 and ordered sold twenty-one days later. Mr. Ingram, formerly superintendent of the Southern Pacific, held up the sale on a restraining order. Yesterday Judge Morrison denied his application for a permanent restraining order.

Mr. Ingram alleged in his suit against the corporation that an endeavor was made to control the stock on the part of the officers and he sought to have the assessment declared illegal. Fraud also was charged and that the books of the corporation had been destroyed.

The court stated that if charges of fraud were made, which, if deemed sufficient for the purpose and for the law would be the result of a stockholder's scrap.

It is admitted that the books have been destroyed, but that their destruction was an act of the corporation, charged mismanagement of the affairs of the corporation. The trouble is said to be the result of a stockholder's scrap.

**NEWSIE SELLS IT AND UP.**

A \$1 watch given by one newsboy to another as security for 5 cents worth of newspapers, and sold by the latter to a stranger man for 25 cents, was the subject of a juvenile court scene yesterday afternoon before Judge Jackson, in which two ragged little newsboys appeared. Plaintiff and defendant, respectively, Stanford Blodgett, who caused the arrest of John Morris, told Judge
